

**Arrowhead Families!** We are half way through the school year! This is the perfect time to start the transition for your half day kindie into full day! And what better way than to enroll in our Kindergarten Enrichment Program! Our enrichment program is high quality childcare that is run like a regular classroom, to extend your child's regular half day of class time to a full day here at school. With your child being here full day, they will have the opportunity to eat in the cafeteria and learn their lunch numbers all while building the stamina for a full day of school. In addition, they will have that extra time become familiar with the school environment and routine while increasing time spent with peers working on social skills. Our program is convenient, safe, affordable and most importantly FUN! We are dedicated to your child's physical, intellectual, emotional and creative growth.

We are looking to open a morning session starting in January 2018. SPACE IS LIMITED!! To receive enrollment instructions, email your child's full name, school, birthdate, student ID and CCSD full name to:

[schoolcareworks@cherrycreekschools.org](mailto:schoolcareworks@cherrycreekschools.org)

Thank YOU! Let's make 2018 a magical year
